Re: USPTO Correspondence for 10/537,024

Dear Sir:

I am returning the enclosed correspondence to the Office, as I believe it may have been sent to me by mistake. I am not the prosecuting attorney in this file and have no affiliation with the application number, nor first named applicant. If I may be of any further assistance to the Office, please do not hesitate to contact me.

Respectfully submitted,

David M. O'Brian

CONFIRMATION NO. 6646

Date Mailed: 10/20/2005

NOTICE OF NEW OR REVISED PROJECTED PUBLICATION DATE

The above-identified application has a new or revised projected publication date. The current projected publication date for this application is 01/26/2006. If this is a new projected publication date (there was no previous projected publication date), the application has been cleared by Licensing & Review or a secrecy order has been rescinded and the application is now in the publication queue.

If this is a revised projected publication date (one that is different from a previously communicated projected publication date), the publication date has been revised due to processing delays in the USPTO or the abandonment and subsequent revival of an application. The application is anticipated to be published on a date that is more than six weeks different from the originally-projected publication date.

More detailed publication information is available through the private side of Patent Application Information Retrieval (PAIR) System. The direct link to access PAIR is currently <http://pair.uspto.gov>. Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at (703) 305-3028.

Questions relating to this Notice should be directed to the Office of Patent Publication at (703) 305-8283.
